THE EZYDOG STORY

HOW IT ALL BEGAN

Working in the water sports industry for many years, not only in wholesale and sales, but also on the cutting room floor, I became familiar with the benefits of the strength and durability of the raw materials.

With this in mind, coupled with my passion for surf, adventure and my Border Collie "Roger", I invented a bungee cord dog leash. I made a few, tried them out and soon my friends were asking for them. So I made a supply and took them to a local craft market, where there was an overwhelming response and I was soon supplying to other markets throughout Australia.

This was the beginning of the success story of the "Original Shock Absorbing Dog Leash" which began its production in my humble garage workshop and calling in my Dad to help when things became hectic.

I started selling more than I could produce, so decided to reformat the business and EzyDog® was born. All products are still handmade to the highest quality in our factories and sold Worldwide. We strive to be at the forefront of innovation for the active dog enthusiast, providing a comprehensive range of dog leashes, collars, harnesses, jackets, float vests and other accessories.

LIFE VESTS

LEASHES, EXTENSIONS & COUPLERS

IT STARTED WITH THE ORIGINAL SHOCK ABSORBING DOG LEASH™ AND OVER THE YEARS HAS EXPANDED INTO A WHOLE RANGE OF DOG TETHERING SOLUTIONS.

The Runners Collection has been developed for anyone who is active with their dog and the Training category has been introduced to assist in dog obedience. We have also expanded our Zero Shock™ and Soft Touch series to include a range of extensions and couplers. As part of our extensive research and development, each leash undergoes months of rigorous testing and is made from the highest grade raw materials.

MONGREL™ LEASH

THE ULTIMATE IN CONTROL

AVAILABLE IN:

MONGREL™ LEASH | RED

LENGTH	12" / 30cm
--------	------------

KEY FEATURES

- Incorporates our pyramid pull system which stops the hand from being pinched and evenly distributes the load across the hand
- Short traffic leash only 30cm (12") in length
- Ideal for larger breeds and great for controlling that "overactive" medium breed
- Large, heavy duty snap hook; durable and easy to click on and off

ZERO SHOCK TECHNOLOGY IS THE ADVANCED SHOCK ABSORBING COMPONENT IN THE CENTRE OF THE LEASH THAT CUSHIONS AND EASES THE PRESSURE FOR BOTH DOG AND OWNER.

Zero Shock™ combines the ultimate comfort, control and protection, as well as maintaining style and quality. Utilising the EzyDog Soft Touch™ Webbing, the Zero Shock Technology also adds protection from sudden moves made by you or your dog. Make your walks more enjoyable and comfortable. Your dog will love it too.

IT IS DURABLE, COMFORTABLE AND HIGHLY FUNCTIONAL – WHO SAID YOU CAN'T HAVE IT ALL!

VARIO 4™ LEASH

4 FUNCTIONS IN ONE LEASH

VARIO 4™ LEASH | BLACK

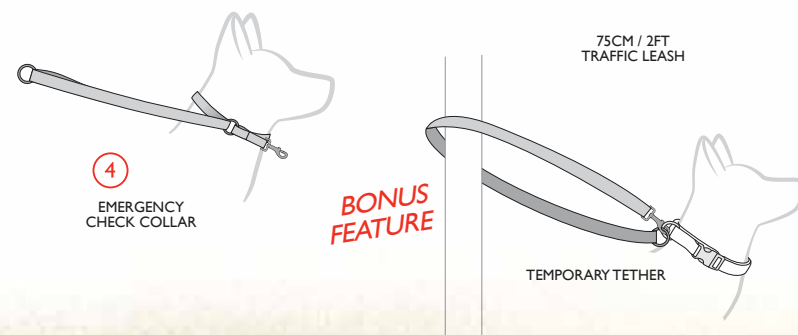

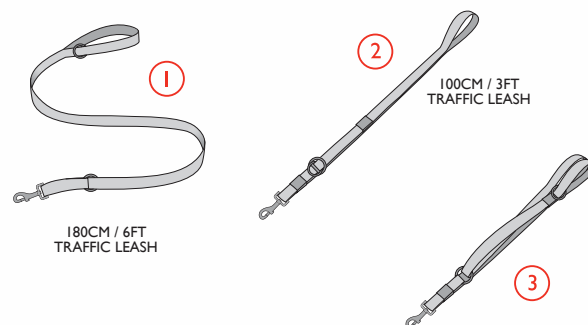

KEY FEATURES

- Our own proprietary blend of super soft nylon is the base to this simple but ingenious leash. While walking you can go from a 180cm (6ft) leash to a 100cm (3ft) leash by pulling the leash through the D-ring at the collar end of the leash. Bring the handle back one more time and you now have a 75cm (2ft) leash. You can then go back to a 100cm (3ft) leash by just pulling on the D-ring
- Can also be used as an emergency check collar and temporary tether
- Reflective webbing for night safety
